#### Section: Narratives - Needs Assessment

#### Introduction

The findings of a recent study showed that there is a significant benefit to students who participate in out-of-school-time (OST) programs. In fact, the <u>Return on Investment of Afterschool Programs in Pennsylvania</u> study determined that for every dollar invested in after- school programming for students there was a return of \$6.69 in potential benefits to students, including reduced rates for drop-outs, teen pregnancy, substance abuse, crime and delinquency (Link to PSAYDN.org).

In accordance with the American Rescue Plan (ARP) Act and Pennsylvania Act 24 of 2021 (Act 24), the Pennsylvania Department of Education (PDE) will award approximately \$50,000,000 or one percent (1%) of Pennsylvania's ARP Elementary and Secondary School Education Relief (ESSER) State Reserve funds to support school districts, charter schools and cyber charter schools (collectively, LEAs) in the development and implementation of comprehensive after-school programs to address learning loss in response to the academic, social, emotional and mental health needs of students and subgroups of students impacted by COVID-19 public health emergency that supplement school programs and activities.

Act 24 requires that, when available, existing personnel shall be utilized by school districts, charter schools and cyber charter schools to staff programs and activities established with these grant funds.

Within 90 days of receipt of these allocations, school districts, charter schools and cyber charter schools must submit a three- part plan to PDE, that outlines the proposed use of the grant money, itemized by program and activity. This plan is part of a consolidated application that includes after-school programming, summer programming, and a comprehensive plan to address learning loss. The plan shall include:

- 1) A description of each program and activity
- 2) A narrative outlining the expected benefit of each program and activity
- 3) A budget for each program and activity detailing personnel and operating costs

PDE has developed the Accelerated Learning Toolkit, a significant cadre of resources and trainings, to support LEAs in the development of their plans. The Accelerated Learning Toolkit can be found Link to Accelerated Learning Toolkit.

**Needs Assessment:** In this section, LEAs are asked to describe the impact of the pandemic on their students, examine disproportionate impacts on specific student groups, and highlight the LEA's promising practices in supporting students' needs since March 2020.

#### **Indicators of Impact**

 Describe how the LEA identified students for inclusion in after-school programming. Include a brief description of the indicators used in the decision-making process.

Counselor, Principals, Academic Coaches, Teachers Instructional Assistants, Parent Liaison and Truancy Officer, Social Worker observations for daily check ins. Restorative Practice was used to help students' dialogue issues and concerns with their peers, teachers, and surrounding school community. Universal Screening-Exact Path and Dibels will be used as the Diagnostic Assessment tools to analyze student data. Utilization of 1 to 1 technology to close the gap will allow students to work on their individual learning path. As well as, student specific focused skills based on the results of their assessments.

#### Section: Narratives - After-school Program

**After-school Program Questions:** In this section, LEAs are asked to describe the activities they have designed to provide after- school programming for their students.

Identify the target student-group for the summer school program. Will the focus be on academic growth, social and emotional wellness, or some other factor to support student growth? For each group, provide specific strategies that were used or will be used to identify and measure impacts.

Student Group	Area of Focus	Number of Students Served	Provide specific strategies that were used or will be used to identify and measure impacts
Major Racial and Ethnic Groups	Academic Growth	15	
Children from Low- Income Families	Emotional Wellness	15	
Children with Disabilities	Some Other Factor	15	

Describe the evidence-based resources that will be used to support student growth during the after- school program.

The LEA will use staff and student sign-in sheets and surveys to determine if students are interested in the proposed after-school activities.

4. Describe the staff that will provide the after- school program (i.e., Internal staff or outside resources).

Number of Staff Members	Internal/Outside Provider	Role
15	Internal	Teachers and IA's

V

a. The LEA assures it understands it is responsible to offer the work to its internal employees prior to engaging outside entities.

V

- b. The LEA assures it understands it is responsible to ensure that all after-school program staff hold the appropriate certifications for the program that is being delivered.
- 5. How will the LEA assess the success of the after-school program? Please identify the tool, frequency of use, and expected results.

Tool Used to Evaluate Success	Frequency of Use	Expected Results
Grades	Bi-weekly	The students will improve academically and behaviorally.
Surveys	Weekly	The students will complete the surveys to determine student likes.

6. How will the LEA engage families in the after-school program?

The LEA will invite families to come in and engage with their children during the after-school activities. The LEA will also ask families to volunteer during some of the after-school activities.

## **Section: Budget - Instruction Expenditures**

Instruction Expenditures

Budget
